

Informed Consent for Counseling

Your child has expressed an interest in meeting with the school counselor on a regular basis to discuss personal issues. The counselor is a trained professional who will assist your child in dealing with his or her personal issues.

Individual counseling is provided for students expressing difficulties dealing with relationships, personal concerns or normal developmental tasks. Individual counseling assists students in identifying problems, causes, alternatives, and possible consequences so that appropriate action is taken.

Your child's confidentiality will be guarded within legal and ethical limits. If your child indicates that he or she may be harmed or plans to harm another person, the counselor will share the information with the parents or other appropriate persons.

Counseling will occur in the school building on a weekly basis with prearranged appointments. Participation in counseling is voluntary and your child may discontinue counseling at any time for any reason without negative consequences.

Please call the school counselor if you have any questions or concerns at 776-5841.
